FINANCIAL LEADER SHOT.

By Deranged Operator from the
South Who Then Killed
Himself.

New York, Dec. 20.—Because further credit would not be allowed him—order to carry 100 shares of stock until a rise in the price should give him profit, Charles A. Geiger, of Beaufort, S. C., today shot James H. Oliphant, a member of the stock exchange, and then committed suicide. Mr. Oliphant is dying tonight.

A note book found on Geiger's person contained computations by which the writer apparently figured he would be worth \$300,000 by January 1, 1908. This caused belief that Geiger was mentally unbalanced.

Geiger owed Oliphant & Co. five thousand dollars and had been asked to settle. He called at the office, and after explaining that he could not meet the obligations asked for more credit. His proposition was refused and the shooting followed. The offices of James H. Oliphant & Co. are located at 20 Broad street in the center of the financial district, and the shooting created a sensation in the street and temporarily interrupted the business of curb traders.

A Home Made Happy by Chamberlain's Cough Remedy.

About two months ago our baby girl had measles which settled on the lungs and at last resulted in a severe attack of bronchitis. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeepers insisted that I try Chamberlain's Cough Remedy. I did so and our baby is alive and well today.—Geo. W. Spence, Holly Springs, N. C. For sale by Barclay & Groover, and all druggists. dec-w

UNITED STATES SENATOR MALLORY IS DEAD

Pensacola, Dec. 23.—Senator Stephen Russell Mallory died at 12:48 o'clock this morning at the home of his nephew, Dr. Mallory Kennedy. Senator Mallory was stricken on November 20 with paralysis of the left side. He rallied somewhat, but early yesterday began sinking rapidly and was in an unconscious condition all during the afternoon and night. Senator Mallory was born November 2, 1848. He entered the Confederate army in Virginia in the fall of 1864, and in the spring of 1865 was appointed a mid-

shipman in the Confederate navy. He entered Georgetown college, District of Columbia, in November, 1865, and was graduated in 1869. He taught a class at Georgetown college until July, 1871. He was admitted to the bar by the supreme court of Louisiana at New Orleans, in 1873. In 1874 he removed to Pensacola and began practicing law. In 1876 he was elected a member of the lower house of the Florida legislature. In 1880 he was elected to the Florida state senate, and was re-elected to the same position in 1884. He was elected to the Fifty-second and Fifty-

third congresses from the First district of Florida and was elected to the United States senate by the legislature of Florida for the term beginning March 4, 1897, to which position he was re-elected in 1903, without opposition. In June, 1904, he received the degree of doctor of laws from the Georgetown university. THE SHERIFF GOT HIM.

Negro Who Seriously Wounded Deputy Sheriff Has Been Captured.

Green Cove Springs, Fla., Dec. 22.—Sheriff Weeks has captured Ed Stuart, alias Candy Boy, alias Leon Boy, who shot Deputy Sheriff Knight Tuesday while trying to place him under arrest. Stuart was wanted for stealing a pistol at Orange Park. The deputy locating him at a turpentine still four miles from Maxville in the western part of the county and went there to arrest him. When the negro was commanded to consider himself under arrest he immediately drew his pistol, firing on the deputy twice, one shot taking effect in the right breast and the other in the arm.

The negro then backed out of the house and ran. The sheriff at Green Cove Springs was notified and left at once for the scene of the shooting from which point he tracked the negro to Maxville where he was told he had taken the Seaboard Air Line train south at 10 o'clock that night, but the sheriff not being satisfied that this was true, made further search which showed the fact that the negro went through the woods toward Georgia. The sheriff taking up the tracks again, followed it to the St. Marys river, where he overtook the negro on the bridge and placed him under arrest. The sheriff and his posse returning here with his prisoner at a late hour tonight. Ed Stuart killed a man at Long Station in Volusia county about two or three years ago. Knight is yet alive, but is very seriously wounded.

NEW BANKING LAW.

Oklahoma Will Start a Guaranty Fund for Depositors.

Guthrie, Okla., Dec. 19.—A new banking law for Oklahoma, providing a guaranty fund for the protection of depositors in insolvent banks, will become operative on February 17, 1908.

Each state bank is required to pay to the state banking board a sum equal to one per cent. of its daily average deposits. When this sum is depleted it will be increased by further assessment.

When ever a bank fails the state bank examiner will step in and forthwith pay the depositors from the guaranty funds held by the banking board. These payments become a first item on the assets of the defunct bank. National banks that wish to avail themselves of the law may do so on a plan to be agreed on by the banking board, the bank commissioner and the controller of the currency of the United States.

When to Go Home.

From the Bluffton, Ind., Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by Barclay & Groover, and all druggists. dec-w

In Senate to Fix Blame for Late Terrible Mine Disasters.

Washington, Dec. 21.—Senator Scott today introduced a joint resolution providing for the appointment of a commission to consist of three senators and three representatives to make an investigation into the recent explosion in coal mines in West Virginia, Pennsylvania, Alabama and other states. The committee is directed to report to congress and to make such recommendations as may to them seem proper.

"I hope to have a prompt report on this joint resolution," said Mr. Scott, "as I am receiving a great many letters and telegrams about these disasters. People think it is time to discover where the blame for these disasters rests."

The resolution was referred to the committee on mines and mining.

TAFT AND HIS CAMPAIGN

The Big Ohioan Holds Conference With His Political Manager.

Washington, Dec. 22.—A conference was held here today between Secretary of War Taft and his campaign manager, Arthur I. Vorys of Ohio, at which the political situation generally was discussed.
